### **TRENDWAY OFFERS ENHANCED ELECTRONIC SPECIFICATION TOOLS**

Holland, Mich. . . . Trendway has enhanced its electronic specification tools through a series of updates in order to make working with this software faster, easier and more productive. "Making it easier for the customer is what drives the updates." says Aquan Singleton, Trendway Electronic Catalog Support Manager.

Trendway libraries are now available on 20/20 CAP, Project Matrix, Data One, Midnight Oil, 20/20 GIZA and 20/20 Intellicon electronic specification software. The enhancements were made to symbols, library content, surface materials including COM as well as on-line ordering capabilities. These upgrades allow customers specifying Trendway furniture to be more productive without having to invest in additional software. For specifiers not currently using these software products, a free copy of the Trendway Symbols Library is available on visit [www.trendway.com](http://www.trendway.com) to download or request a CD-rom.

Based in Holland, Mich., Trendway Corporation manufactures private and open plan office environments and seating distributed throughout North America. Products include Choices®, an extremely functional, high-value furniture system, Contrada® systems furniture including the highly acclaimed Contrada Raw and Power Arch™, TrendWall® Moveable Wall System, and Trendway Seating by Interstuhl, office seating for all environments. The company has been providing high-performance, fully integrated product lines and excellent customer service and support programs since 1968. For more information on Trendway, please call (616) 399-3900 or visit [www.trendway.com](http://www.trendway.com).
