# Own it. Appreciate it.

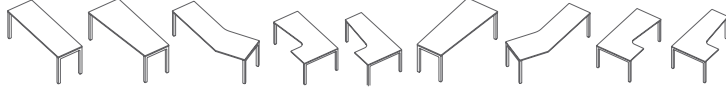

Easy to own, manage and change, you won't regret selecting this line of desking. Trig's concise, modular elements lend themselves to any work style, from private office to open plan, and make asset management and reconfiguration effortless.

Trig is a smart choice for those seeking an alternative to panels – or for those who want to blend freestanding solutions with a panel environment. Plus, the lower-profile landscape opens the work space to daylighting and window views while ensuring teams have visual access to one another.
